

### Features

- Dante audio transmission;
- PoE power supply: IEEE 802.3AT standard;
- DSP: 5-band PEQ, HPF, LPF, Gain, Level, Mute, Limiter, Temperature;
- Built-in power amplifier;

### Technical Specification

Frequency response range	20Hz - 20kHz	Output connector	3 pin Phoenix Block
Number of channels	1	Routing control	Dante Controller
Audio input type	Dante	Audio parameter control	Danacoid-D-Controller
Input connector	Single RJ-45	Signal to noise ratio	>100 dB
Maximum power output	21W/8Ω	Background noise	<200uV
System power efficiency	>70%	Power input mode	PoE +, compatible with 802.3af, compatible with 802.3at
Size (LWH)	144.2*57.4*24.8(mm)
